WORK EXPERIENCE

Quest Designer — JUN 2024 → MAY 2025

Forgotten Runiverse (Web3 MMORPG) — Bisonic

- Led the end-to-end design and implementation of Open World quests, from initial pitch to in-engine execution, to create engaging player experiences.
- Conducted FTUE analysis to identify and resolve player friction points.
- Developed and implemented a new narrative design process, improving team efficiency and consistency.
- Dialogue documentation.

Game Designer — JUN 2023 → APR 2024

Civ Royale (Mobile 4X) — Roamer Games

- Design and documentation of core mechanics and support systems.
- Executed level design in-engine(Unity), creating maps for diverse gameplay experiences.
- Season Pass and general economy design.
- Conceptualized and designed UI revamp mock-ups, collaborating with artists to enhance the user interface.

Game Designer — MAR 2022 → AUG 2022

Frozen Adventures (Mobile Match 3) — Jam City

- Design and documentation of new narrative content.
- Streamlined the content creation pipeline to increase production efficiency and reduce costs.
- Design and documentation of Live Ops content.
- Analyzed and balanced the game economy to ensure long-term player engagement and monetization.

Product Manager — APR 2021 → MAR 2022

Frozen Adventures (Mobile Match 3) — Jam City

- Backlog and strategy creation.
- Data taxonomy design and analysis.
- Designed and managed the development of seasonal content, resulting in a measurable increase in IAP revenue
- Managed stakeholder communications, translating business goals into actionable development tasks and presenting KPIs to both internal and external partners.
- KPIs analysis and presentation.

QA Manager — NOV 2019 → APR 2021

Frozen Adventures + others — Jam City

- Managed and mentored a team of over 20 QA testers across four separate teams, ensuring high-quality standards across multiple titles.
- Designed and implemented a new performance review system for the QA department, improving professional development and team feedback.

QA Tester → QA Lead — FEB 2018 → NOV 2019

Disney Emoji Blitz + Others — Jam City

- Global launch support and general testing for Harry Potter: Hogwarts Mysteries (QA Tester).
- Main point of contact for all Disney games in the Buenos Aires studio (QA Lead).
- Soft-launch and global launch support for Frozen Adventures.
- Analytics taxonomy review.

CAREER HIGHLIGHTS

- Led the design and in-engine implementation of Open World quests for a Web3 MMORPG, covering everything from initial pitch to final execution.
- Led the design, documentation, and implementation of new narrative and seasonal content for the Frozen franchise.
- Provided global launch and soft-launch support for major IPs, including Harry Potter: Hogwarts Mystery and Frozen Adventures.
- Served as the primary point of contact for all Disney titles within the Buenos Aires studio, coordinating between internal teams and external stakeholders.
